ALEX & SAM'S POSTCARDS

Alex & his brother Sam are our mascots. They are storks.
Storks fly from Germany to Spain to keep warm.
They send different postcards from their journey, and even a
few special cards, such as one with their friend Mister Bunny.
On the next pages are all the cards they sent.

FINAL SYNCHRONOUS MEETING:
READING OUR LETTERS AND TALKING ABOUT DIFFERENT
TOPICS

READING "SOMETHING HAPPENED TO OUR PLANET" (BY M. CELANO & M. COLLINS)
TOGETHER

What is the book about?

I think it is about kids
doing a project together.
Or maybe it is about
learning in school?

LET'S CHECK

Guesses before
reading

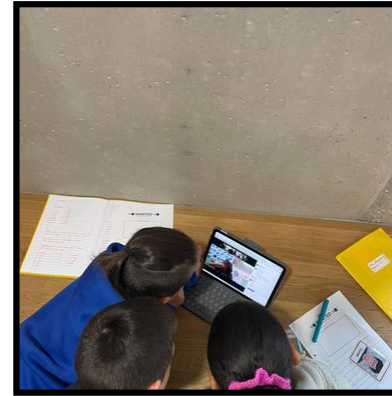

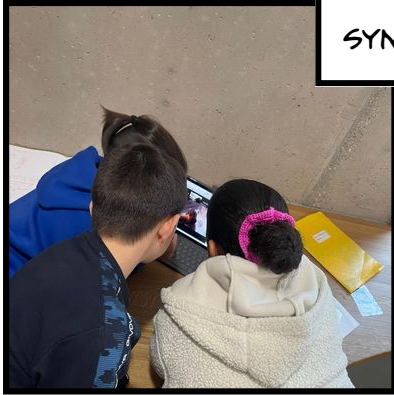

- Sam: animals and plants; cleaning your room
- roboter
- cleaning up
- children
- rubbish

Now

- Sam: kids doing a project; learning in school
- rubbish
- cleaning up the earth

PLAYING "WHO IS WHO" TOGETHER
SYNCHRONOUS MEETING ON THE 25.03.2026

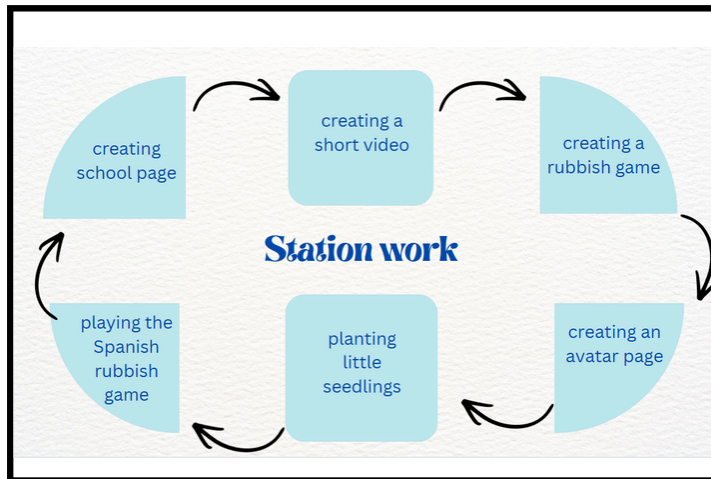

CREATING SHORT VIDEOS DESCRIBING A LOCAL ENVIRONMENTAL ISSUE

Before this happens

He lives since his birth with his neighbours.

Our solution:
Cleaning up.
But is there more we can do?

Can you come up with more solutions to help the "Black Forest"?

Short videos checklist

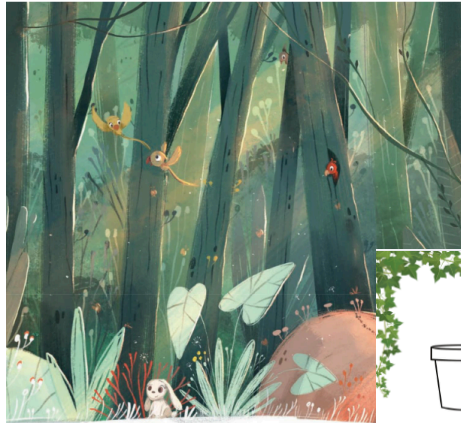

- Idea**
 - ☐ One problem: _____ !!
 - ☐ The important aspects are: 1) _____ 2) _____ 3) _____
- The video**
 - ☐ You can see it: _____
 - ☐ It is short (5-10 seconds): _____
- Language**
 - ☐ 2-3 sentences are enough
 - ☐ loud voice
 - ☐ easy language (There is... It is bad... It happens because...)
- Acting**
 - ☐ Act it
 - ☐ Show feelings
- Team**
 - ☐ Work together
 - ☐ Everyone has a job (Film crew, Actor, Time manager)

RULE: Show - Say - Short

PLANTING SEEDLINGS TO HELP THE ENVIRONMENT

"We are part of nature, too. If we do our part, nature heals itself!" She explained how trees clean the air by taking in the harmful gases humans make and giving the oxygen we need to breathe.

The trees were working hard to save the earth. What could we do to help them?

How to plant

Take a pot

Put earth in the pot

+

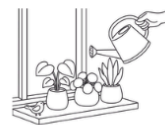

Make the earth wet

Put seeds in the pot

+

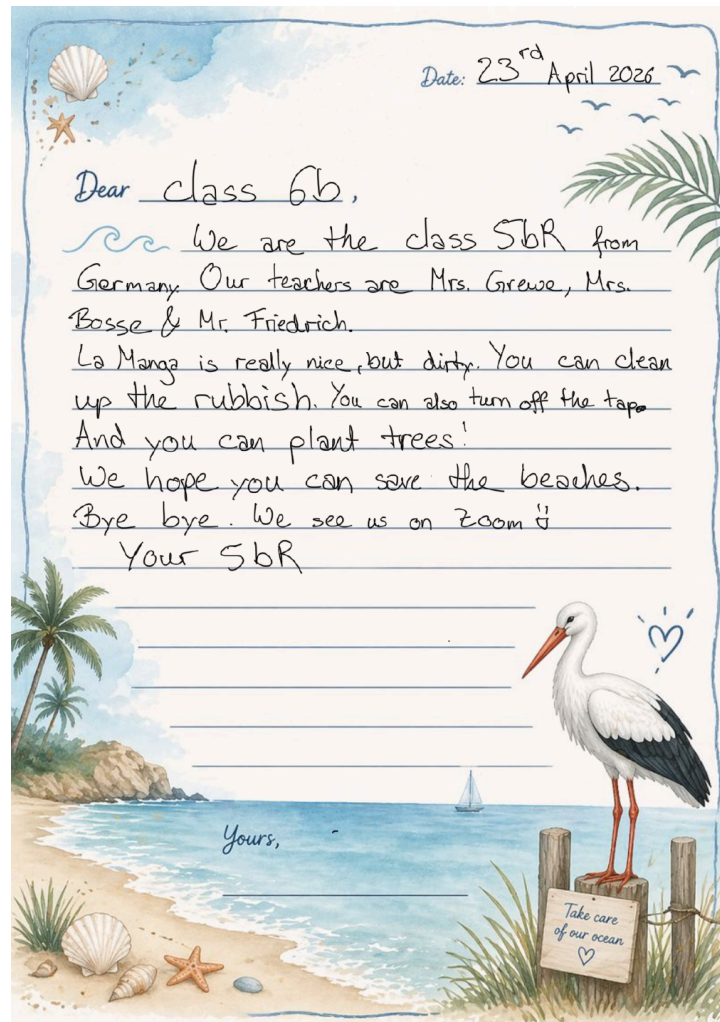

Put the pot in a sunny place

We named our group the Earth Patrol. The trees we planted were as small as Kameron, but we knew they would be big one day.

WRITING A SOLUTION LETTER AND PRESENTING IT AT THE SYNCHRONOUS MEETING
AT THE 29.04 + FREE TALKING TIME

Some things to talk about!

How do you get to school? Walking? Bicycle? By bus?

What's your favorite subject in school?

Who is the 🇦🇷?

How do you say 6-7 in your language?

And is it 6-7 or 67?

1 Circle the word that does NOT fit:

burn - throw away - pick up	recycle - reuse - cloud
save - waste - clean	plant - seed - burn
trees - water - rubbish	air - clean - water
to cut - to save - to plant	trees - flower - animal

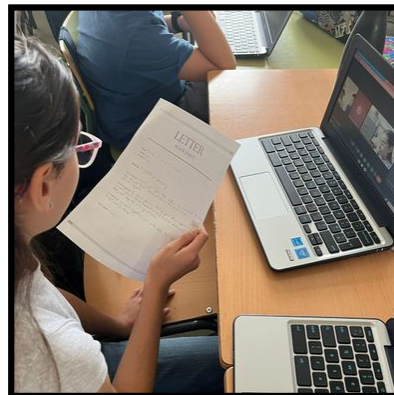

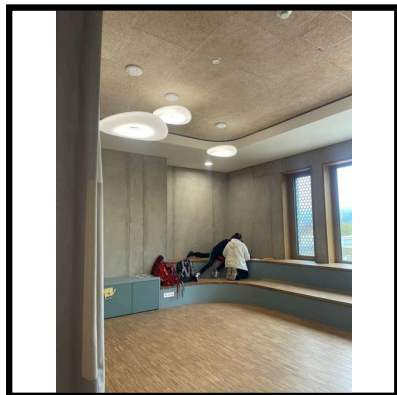

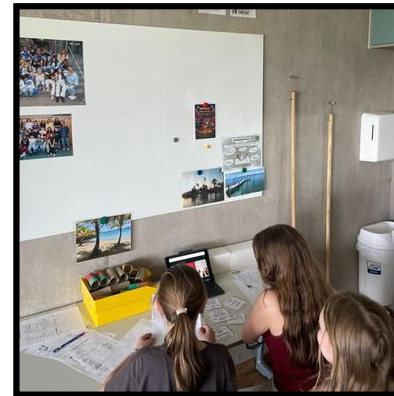

2 Choose the right word:

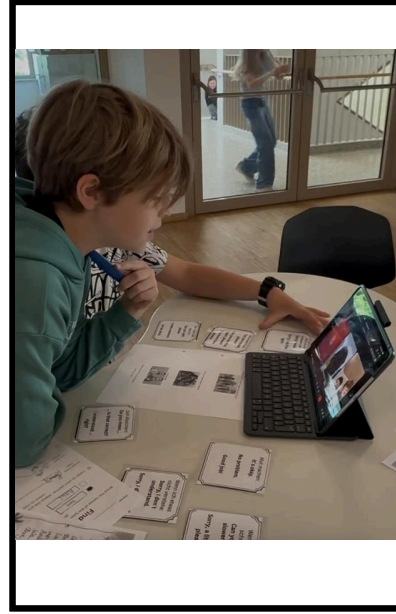

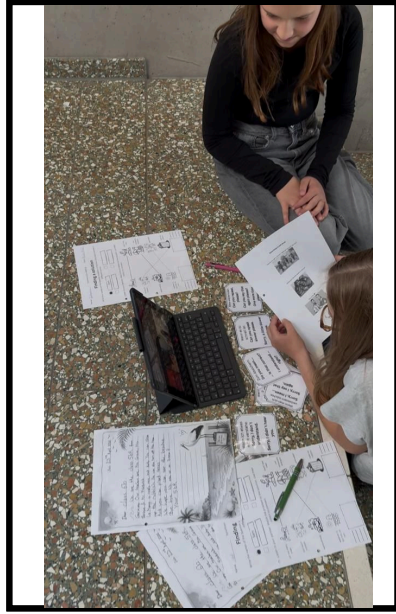

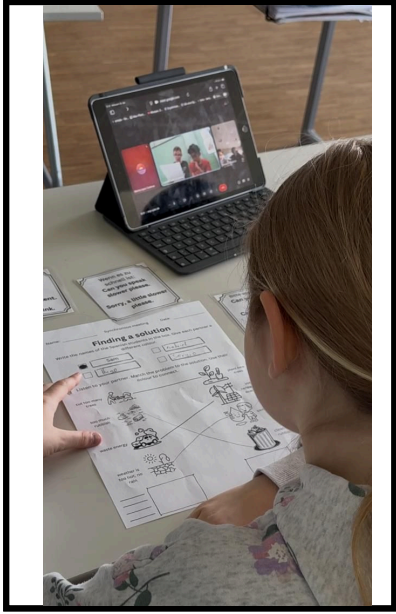

We should (cut / plant) trees.
 We should (save / waste) water.
 We should (clean / drop) rubbish.
 We should use (renewable / dirty) energy.

3 Find the words and colour them:

SAVETREES
 WATERHELP
 ENERGYXMC
 CLEANSAME
 RUBBISHME

SAVE - WATER -
 TREES - ENERGY -
 CLEAN - RUBBISH
